Operation Seaman Chain Chun Jiuqien chunjiuqien@infoseek.jp

# GATHER in the EAST MEDITERRANEAN

Dear private ship owner

Would you gather around the fleet of USA and UK in the east Mediterranean?

It is in order to block the attack to Syria by USA and UK.

The situation of Syria in now is same as the situation of Iraq just before the Iraq War.

Unilaterally, USA assume crime. And, Unilaterally, USA resort to force.

At the time of the Iraq War, International Community left the Unilateralism of USA. So, What happen? As the result of it, how many Iraqi peoples felt in victim? Did the Weapon of Mass Destruction found?

#### We never be cheated again.

#### Collapse the Unilateralism of USA.

So, please GATHER in the EAST MEDITERRANEAN Then, please surround the fleet of USA and UK, and make the Seaman version of Human chain.

## the Saturation attack by Private Ships.

This is the concept of "**Operation Seaman Chain**" It is a kind of containment strategy.

If the fleet of USA and UK attack private ships, then fleet of USA and UK is same as Syria Government. It is able to use the victims as advertisement material to damage the backing for the Unilateralism of USA.

This operation is not to protect Crime against Humanity from USA. But, also to protect the World from the Unilateralism of USA.

The situation of Syria in now is same as the situation of Iraq just before the Iraq War.
