Where is the Weapon of Mass Destruction in Iraq?

The situation of Syria in now is same as the situation of Iraq just before the Iraq War.

Unilaterally, USA assume crime. And,
Unilaterally, USA resort to force.

At the time of the Iraq War, International Community left the Unilateralism of USA.
So, What happen?
As the result of it, how many Iraqi peoples felt in victim?

>Documented civilian deaths from violence
>114,339 ? 125,296
>Further analysis of the WikiLeaks' Iraq War Logs
> may add 11,000 civilian deaths.
(<http://www.iraqbodycount.org/>)
>Iraq Body Count_org-

And,
Did the Weapon of Mass Destruction found?

International Community never be cheated again.

International Community must Collapse the Unilateralism of USA.

Q. HOW ?

A. Use ICC.

My plan is as follow.

- (1)Block the military intervention to Syria by the United States of America.
- (2)Prevent the all Unilateralism option of USA.
- (3)Security Council referred to Syria Problem in the ICC.

In short, prevent another option except for ICC.

Next, make the situation that, it is impossible to judge Syria Problem without ICC.

Then, make the situation that, the United States of America have no choice but agree that ICC treat Syria Problem, in order to judge Crime against Humanity,

If the aim of the United States of America is not military intervention but also to judge Crime against Humanity, then as a matter of course the United States of America agree to referred to Syria Problem in the ICC.

Dear International Community include UN Security Council Member

Why don't you use ICC?

International Criminal Court is funded to judge criminal just like Syria Problem.
Syria Problem is a CHANCE!
Syria Problem is a chance to appeal the presence of International Criminal Court.

If now International Community don't use ICC, then it is a treasure left unused.

How many people made effort to fund International Criminal Court?
It means that, International Community made these people wasted needless time and effort and their LIFE.

Are International Community going to tramples on their time and effort and their LIFE?

Is it OK?

NO?

So, Use ICC.

>CAIRO | Tue Aug 27, 2013 10:04am EDT
>(Reuters) - The Arab League said on Tuesday that those behind the chemical attack in Syria should face international justice, and called on U.N. Security Council members to overcome their differences and take action to end the killing there.

This is not to protect Crime against Humanity from USA.
But, also to protect the International Community from the Unilateralism of USA.

The Representative Democracy which ought to be dependent on the people alone.
ALONE

>(1)Block the military intervention to Syria by the United States of America.
This step will be assigned by WE civilians.

Of cause, If some countries assigne this step, WE civilians are unnecessary.
But, any coutry cannot move now.
So, WE civilians Stop the military intervention to Syria by the United States of America.

This is a kind of Volunteers.
May be, just like Spanish Civil War, which George Orwell joined as a Volunteer.

This is the WAR against the Unilateralism of USA.

Don't Miss It.

Syria Problem is a CHANCE!
To International Community get a system to judge Crime against Humanity.
And,
Syria Problem is a Turning Point.
Which, International Community can get a system to judge Crime against Humanity, or NOT!

Referred to Syria Problem in the ICC.
